TWENTY-EIGHTH YEAR NO. 43

CEDARVILLE, OHIO, FRIDAY, NOVEMBER 24, 1905.

PRICE \$1.00 A YEAR.

VICTIM OF CORN HUSKER.

Mr. Mose Dean, well known in this community, met with a terrible accident Tuesday while working with a corn husker on the Wm. Taylor farm, in the Old Town Run neighborhood.

At the time of the accident he was cleaning out the rear of the corn husker where there is a fan that revolves at a terrific speed. In some manner his hand was caught and drawn in. He had a glove on at the time and this may have been the cause. The palm of his hand was torn out and the bones crushed as far back as the wrist.

Dr. Davis of New Jasper, was called and amputated the third and little fingers and later it was found that the middle finger and the side of the hand would have to be taken off, leaving only the thumb and the index finger. The Drs. McClellan, of Xenia, assisted in the amputation the second time. There is hope that the remaining part of the hand will not have to be amputated.

The injured man lives by himself but he was taken to the home of his sister, Mrs. Arch Greives, where he is being cared for.

A SMALL WRECK.

There was a small wreck at the railroad Saturday night caused by a freight running into a derrick, the engine and two cars leaving the track. The Xenia wrecking crew was called and the track soon cleared.

FALLS TO INSTANT DEATH.

Link Phillips, colored, while engaged in some carpenter work for Theo. Voglesberg Monday, fell from a scaffold about fifteen feet from the ground, which caused almost instant death.

Phillips had been employed by Mr. Voglesberg for some time to assist in building his new livery barn. He was in the act of turning around on the scaffold with a long board when he lost his balance and fell to the ground. He fell on his face and stomach and never spoke after the fall.

Dr. M. I. Marsh was called and rendered medical aid, but the unfortunate man expired in a few minutes.

Phillips was a well known horseman having been about horses for a number of years. At one time he was employed by W. B. Bryson of Oak Lawn stock farm.

He was a single man, and of late had been living with his sister and father. Two brothers survive him. The funeral services were held Wednesday.

RETURNS FOR HOLIDAYS.

London.—As there is no question pending regarding his presence here, Whitelaw Reid, ambassador of the United States, decided to take advantage of a leave of absence granted by the department of state and will spend the Christmas holidays at home, leaving England early in December. Mrs. Reid and Miss Reid, will accompany him.

BAKER-STRAIN.

Mr. Edgar Baker, of Xenia, and Miss Pearl Strain, daughter of Mr. and Mrs. Harry Strain of this place, were quietly married Tuesday evening at the Trinity parsonage, by Rev. Knott. The couple will reside in Xenia where the groom has employment.

CHANGE IN TIME OF TRAINS.

The new schedule for trains during the winter goes into effect Sabbath at noon. There are several radical changes that will be of interest to travelers from this place.

While the official time card has not reached here it is known that the morning train to Columbus due here at 7:24 will after Sabbath go through here as an express about 8 o'clock in the morning. The first train east then will be No. 4 due here at 10:34. This train does not stop now but will after the change.

The evening train from Cincinnati will be due here about twenty minutes later. The down train in the evening will be about twenty minutes earlier. The morning trains will not be changed to any extent.

Another change is that the operator, Mr. Forrest Price, will after Sabbath noon will be stationed in the new tower east of town near the Miller farm. He will be located there permanently, and after the interlocking switches are put in will have to operate them also. There will be no operator at the depot.

South Charleston after Sabbath will no longer be a register office, Selma getting this place. As soon as the double tracking is finished Cedarville will be the register office for trains.

The new track from Cedarville east will be put in use Sabbath, so that there should be little time lost in having to wait on trains. The track west of town will not be complete for some three or four weeks yet, depending on the kind of weather.

The change in the time of trains will mean that the rural mail deliverers will not get started from town as soon as in the past. They will have to wait until the down trains are in before any mail can arrive.

SECRETARY TAFT ON THE ELECTION.

NEWPORT NEWS, VA., Secretary of War William H. Taft declared the fight against the Cincinnati machine must be kept up in order to stamp out corruption in Ohio. In discussing the Ohio election, the secretary, after his arrival from Panama, said:

Victory Not Complete.

"The result in Cincinnati is a long step toward better municipal government and better local party politics, but the victory will not be completed for several years. A machine, entrenched in power as is the Ohio machine, can only be made to give up through the earnest attention and work of young men entering politics with the enthusiastic and unselfish desire to make it better and willing to devote all time possible not needed in their daily vocation to the organization of political clubs.

"These clubs should have for their motto 'Open Conventions and Freedom To the People in the Selection of Proper Candidates For the Municipal and County Offices.'

"I sincerely hope that the result in Hamilton county may lead to such an organization and such a result. But those who brought about the defeat of the machine cannot afford to lie back on their oars and think they have won a lasting victory. They have merely carried the first intrenchments, and if they do not follow up their success they will find the old machine as strong as ever in future campaigns.

The Amendments.

"The constitutional amendment adopted at this election, by which municipal election, in Ohio occur only once in two years, and not at the same time as federal and state elections, furnishes a great point of advantage to those who would reform municipal party politics.

Regrets Herick's Defeat.

"I regret the defeat of Governor Herick, because I think he was made a martyr for alleged subservience to bossism of which he was not guilty, and his freedom from which would have been demonstrated by a second term. His administration was as clean and as free from scandal as that of any previous governor of Ohio. Mr. Patterson, the Democratic governor-elect, I know well.

"He is a man of high character, and if we must have a Democratic governor I do not know of a better man.

"I note that in the Democratic platform on which Mr. Patterson was elected as a plank advocating municipal ownership of public utilities, accompanied by the merit system for the selection of civil servants. The experience in Chicago has shown that it is one thing to advocate municipal ownership and another thing to carry it out.

Civil Service Act.

"We may dismiss, therefore, from consideration the possibility of any serious legislation looking to municipal ownership, but if our Democratic friends, including Mr. Patterson, were sincere in their denunciation, and I have no doubt that he and many others were they now have an opportunity to unite with the Republican Civil Service reformers in securing the passage of a civil service act applicable to counties and cities of the state of Ohio.

Cut Off Patronage.

"As between the Democrats and Republicans the Ohio legislature is very close indeed, and now would seem to be the opportunity for the real enemies of bossism to forget party difference and unite in the passing of a law which, if properly drawn and actually enforced, will do much to elevate the tone of municipal and county politics by depriving local bosses of public patronage to perpetuate their political power."

FAT STOCK SHOW.

The annual fat stock show at Chicago will be held two weeks later this year than usual owing to the completion of the new exposition building where the show is to take place. The old building would no longer accommodate the exhibitors and the crowds that attended and a new structure has been erected. The show this year will exceed that of any other if the reports are correct and will be attended by a number of Greene County people. The famous Meadow Brook heard will be there as usual to keep Greene County as a stock producing county before the entire country. There will be other exhibitors from this county.

LEGISLATURE IS CLOSE.

Columbus, O.—The impression has been given out by those associated closely with State Chairman Dick that no amendment is likely to be made now to amend the constitution of Senator Isaac E. Huffman of Hamilton in the Second-Fourth District. Former Senator J. Eugene Harding of Middletown, will not make a contest. This decision on the part of Senator Harding leaves no doubt as to how the senate will stand, 18 Democrats, 15 Republicans and 1 Independent. The Senator who holds the balance of power has always been a Democrat at Toledo. He was elected on the Independent ticket in Lucas County and it is assumed that he will vote with the Democrats as a rule including the confirmation of Governor Patterson's appointments. There is no doubt now about the Democrats selecting the Chief Clerk, Sergeant-at-Arms and other officers of the Senate for which places there are many candidates.

The House is not a tie on strictly party lines, but it has only one Republican majority on the same lines that make the Senate a tie politically. The House will have enrolled 60 Republicans, 24 Democrats and 2 Independents. The two Independents have always been Republicans and were elected on the same Independent ticket in Lucas County as the man who holds the balance of power in the Senate. It is assumed that they will both vote with the Republicans in the House, but even if they should at times vote otherwise the lower branch of the Legislature would still have a partisan majority of one. In that respect the Republicans have an advantage over the Democrats in the General Assembly on Legislation, but it is well known that the control of the Senate would have been, preferable to that of the House, because of the power of confirmation of state appointments.

It is evident that both parties at the next session will demand prompt attendance of all members. One absentee in the Senate would throw the control to the minority side and two or three in the House would throw it over and time. It is well known that there is nearly always some member sick or absent, so that there may be interesting situations at any time. Owing to this situation one condition requiring all members to be in their seats at every roll call, it is generally predicted that the coming session will be unusually short.
